earth mayflies

live for 24 hours

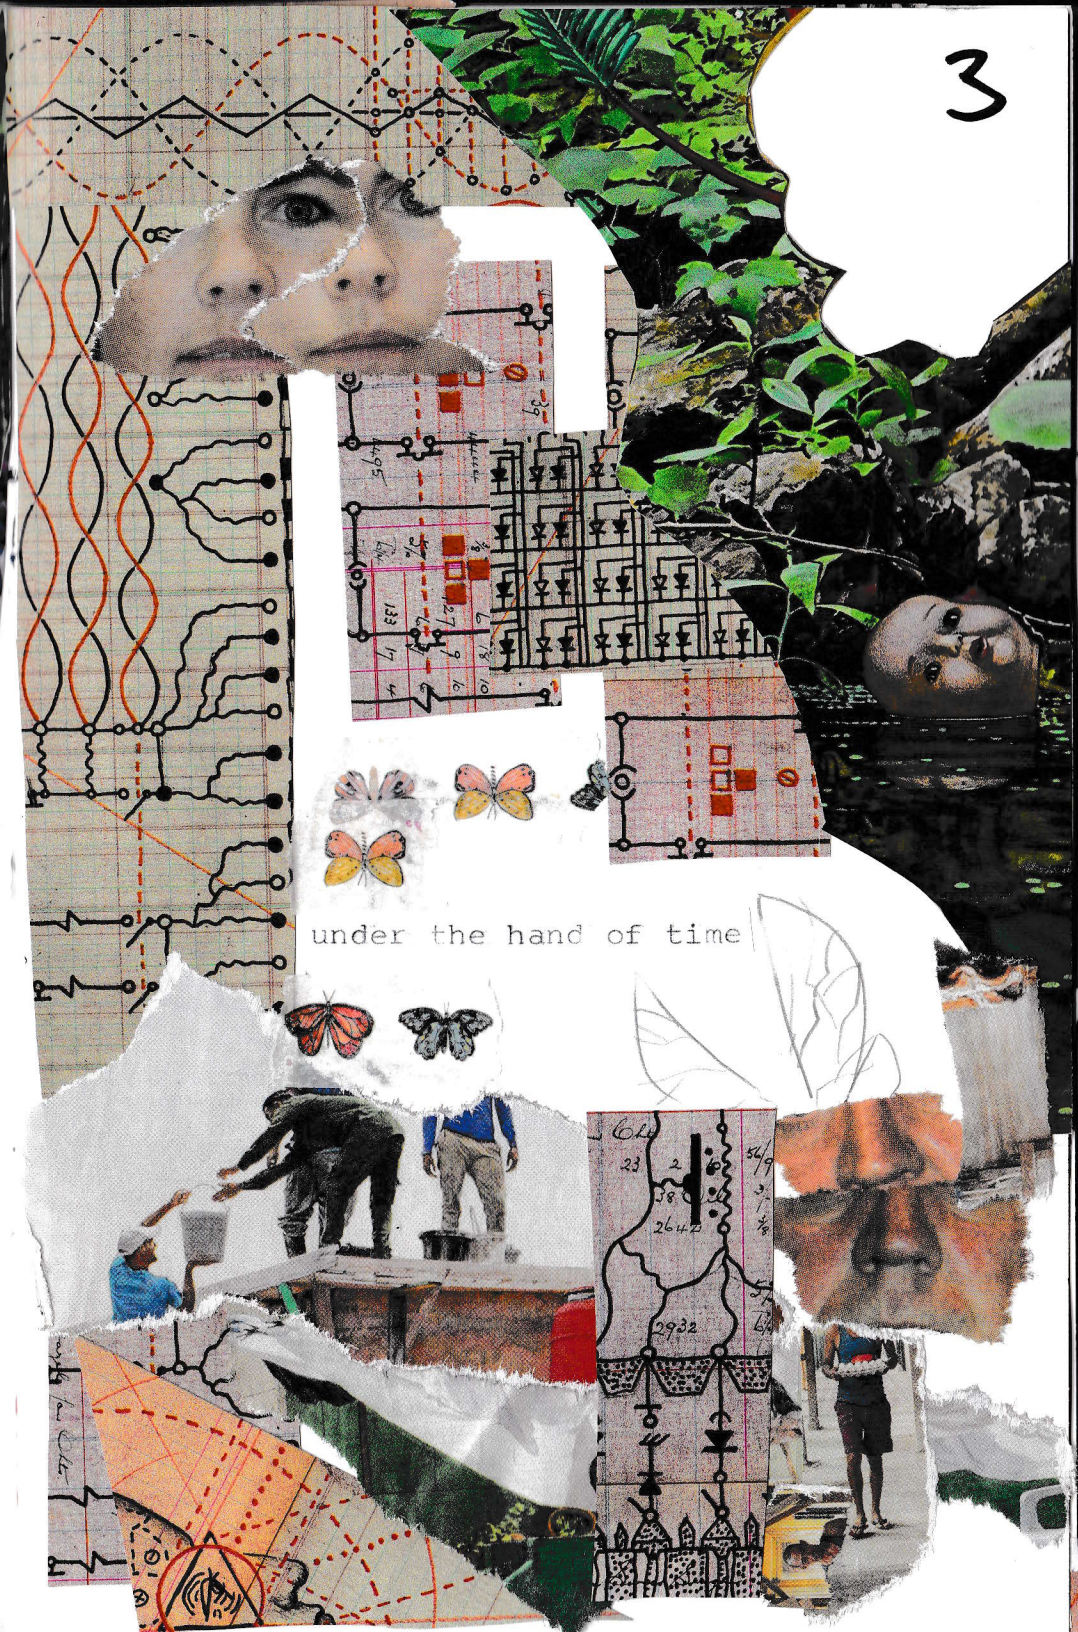

from egg |
to nymph |
to imago |

to limp and |
lifeless g u guts and legs

and wings: crushed |

under the hand of time

life in the blink of an eye

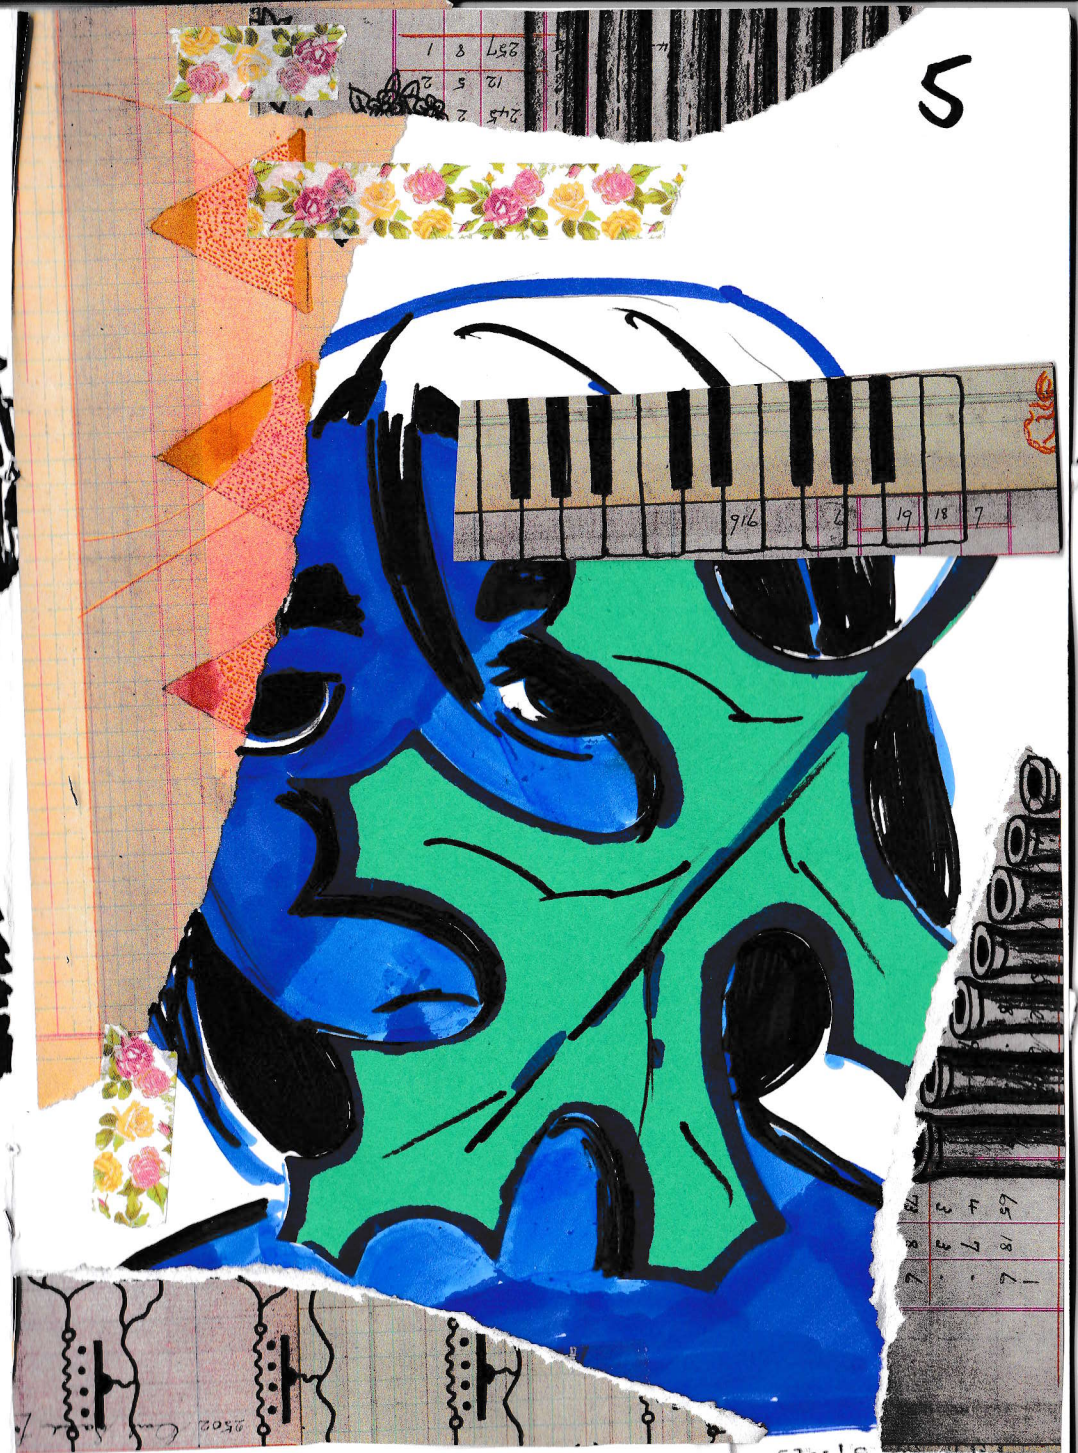

witch of a limb

eternity in a single second

her life is no longer than a mayfly's

no longer than a second before
she's limp and lifeless splattered

on the ground under the dirt between
the wheels and i

see it all
